A new bus network for Sydney Buses' Western Region

A new bus network for the Western Region will be introduced from:

Sunday 11 October 2009

In November 2008 Sydney Buses invited the community to comment on a proposal to improve bus services by making routes more direct and providing services to meet growing demand.

We appreciate the time the local community took to be involved in the comment process. We received submissions on a variety of topics, all of which were carefully considered and reviewed. A summary of the main topics raised and our responses is included in this brochure.

The new bus network introduces changes which allow customers across the whole community to access a greater number of bus transport options including:

- Additional weekend evening services to Lane Cove, Macquarie Park and Marsfield.
- A faster, more efficient Sydney CBD service from Marsfield on Route 293 through the introduction of PrePay-Only ticketing and routing via the Lane Cove Tunnel.
- Improved connections between bus and rail.
- Additional wheelchair accessible services.

Epping Road and Pacific Highway services will continue to terminate at QVB and will be extended when the Domain Interchange is complete.

School Special routes have not been altered although some minor time changes have been made. Local schools will be notified of these changes.

We will closely monitor the new network to respond to passenger demand.

You told us that you want d..... Our Response

A simplified route numbering system for our services. We have simplified our route numbering system for services along the Epping Road/Lane Cove Tunnel/Gore Hill Freeway and Pacific Highway corridors. This change reduces complexity for customers, making services more consistent and the network easier to understand and use.

Less complicated route structures. Many services have been streamlined and diversions removed so as to provide passengers with reduced travel times and increased comfort.

No evening or Sunday services to parts of the Riverview area (Routes 253 and 254). Services after 8pm Monday to Saturday will not operate via the Riverview loop. They will terminate/start in Tambourine Bay Road (York's Corner).

No change to Route 261. For the benefit of local school children one AM peak and one PM peak trip to and from Chatswood will be retained. Additionally due to public concern, the Lucretia Avenue, Poole Street and Stuart Street sections of the service will also be retained.

No change to Route 265. In response to concerns raised by the community the diversion via Crows Nest shops will be retained but services in Campbell Avenue, Richardson Street East and Third Avenue, Osborne Park will be withdrawn.

Retain Route 269 to service the Kirribilli area. ✓

You told us that you want d..... Our Response

The proposed redirection of Route 524 with drawn. Route 524 will continue to operate through Cobham Avenue Melrose Park in both directions. The diversion via Parer Street/Lancaster Avenue will be discontinued.

No change to Route 537. Route 537 has been discontinued due to ongoing poor patronage. Customers are advised that Route 507 will provide alternate services in the Putney and Ryde districts, while Route 506 will provide alternate services in Moncrief Drive, Twin Road and Badojo Road East Ryde. School services will be provided for Ryde Secondary College and Putney Primary School.

Retain Route 541 to service the Epping/Eastwood areas. Route 541 will be retained however Saturday services will be discontinued due to very low patronage.

The school special replacement for Route 542 to commence from near Buffalo Road. Route 542 will be discontinued and replaced with a school service between Buffalo Road Ryde and Eastwood via Badojo, Cox's and Bridge Road North Ryde. Route 544 will provide alternative services for customers travelling between Eastwood and Auburn.

Retain Route 547 to service the Parramatta area. ✓

Ferry connections maintained. Route 513 will continue to service Mea Dowbank Wharf, where it will be timetable to meet city-bound ferries in the AM and Parramatta bound ferries in the PM. Route 507 will continue to service Kissing Point Wharf.

Fares & Tickets

Sydney Buses has a range of tickets to suit just about every journey type you would like to make. We recommend that you get a multi-day ticket off the bus to save you time and money and help speed up your service. If you are using our service for the first time, it's easier to tell the driver your destination and he will tell you the fare. To assist the driver, please have loose change available and ready for payment. You will save time and up to 20% single fare. There are 5 types dependent on the number of sections you travel (sections are shown on the route map in the timetable). Travelers are also transferable and can be used to pay for travelling companions. TravelPasses. If you use the bus a lot or for trips of various lengths over a seven-day period anywhere within the Orange and Blue zones shown on the map below, an Orange TravelPass can be cost effective and convenient. The ticket permits unlimited travel on Sydney Buses and Sydney Ferries (and cruises) within the areas mentioned.

1. On the map overview, identify the bus route(s) that run nearest to where you are or where you plan to go. A list of suburbs, shopping centres, points of interest and destinations (shown overlaid) will help you to navigate your way around the map. You can follow the colour-coded route line on the map to see the areas covered by the route. Or for a quick reference, a list of routes and the areas they pass through is also in this guide. 2. If your destination is not within the Western Region, you can identify the route which can take you to the City or the nearest suburb where you can connect to other services. Please refer to other Sydney Buses region guides (Eastern, Southern and Northern) for bus routes operating in these regions. 3. Transport information website www.131500.com.au. You can also phone 131500 between 9am and 10pm for transport inquiries or to give feedback. If you need copies of timetables, you can print them as a PDF file from www.sydneybuses.info or get them from any Transitshop in the City (shown on the Sydney CBD bus service insert overview).
