

Network Map & Service Information

Sydney Buses' services in the Eastern and South Eastern Suburbs.

An improved bus network for Sydney Buses' Eastern Region

The improved bus network for the Eastern region will be introduced from:

Sunday 26 April 2009

In June 2008 State Transit Authority invited the community to comment on a proposal to improve bus services by making routes more direct and providing services to meet growing demand.

We appreciate the time the local community took to be involved in the comment process.

The improved bus network will introduce an extended **Route 348** which will operate as a cross-regional route between Bondi Junction and Wollri Creek.

You told us that you wanted	Our Response
No change to Route 301 thereby leaving the service in Dalmeny Avenue, Rosebery.	✓
The current diversion of Routes 302 and 303 via Lenthall, Virginia and Baker Streets in Kensington to be discontinued.	✓
The proposed redirection of Route 303 to Bondi Junction withdrawn.	✓
No change to Route X03. Route X03 will operate on a trial basis until late 2009 and during this time the service will be closely monitored. Two new Sydney to Sans Souci PM peak trips will be introduced for the duration of this trial.	✓
The proposed diversion of Route 357 via Stanley and King Streets Randwick withdrawn.	✓
No change to Route 311. The community asked that we consider:	✓
• Retaining access to Central Station.	✓
• Retaining use of Elizabeth Street and William Street.	✓

Some School Special services will be altered to better cater for students in the improved network. Local school communities will be notified of these changes.

We will closely monitor the new network to respond to passenger demand.

You told us that you wanted

You told us that you wanted	Our Response
• Retaining services to and from Circular Quay rather than terminating at Gresham Street.	These submissions were carefully considered but changing the terminus from Circular Quay to Gresham Street will improve service reliability currently affected by congestion at Circular Quay.
• Retaining the Billyard Avenue loop in Elizabeth Bay.	We received submissions for and against the proposal. The needs of local residents were carefully considered as well as the operational difficulties experienced in servicing the loop. Therefore, in order to ensure Sydney Buses' ability to provide a reliable service to the majority of customers along the entire route from the City to Railway Square via Woolloomooloo, Darlinghurst and St Vincents Hospital, Sydney Buses will be withdrawing services from Ithaca Road, Billyard Avenue and Onslow Avenue. STA will now progress investigations into the provision of low-floor buses to this service.
No change to Route X43.	Route X43 will be converted to all-stops Route 343 which will help reduce waiting times for customers at many stops.
No change to Route 359.	Feedback from the community told us that whilst patronage is low there is a need to provide for school students who use this service. Therefore Route 359 will be withdrawn and Route 659 School Special will operate during school peaks. Alternate services provided by Routes 357 and 400.
Improved services through Green Square and Victoria Park	*Route 348 is being amended to improve east-west links and improved evening services are being provided on Route 301
Improved services to Bondi Junction.	Route 348 is being amended to improve east-west links.

*Route 348 will operate between Bondi Junction and Wollri Creek. Route 348 will be extended from Alexandria to Wollri Creek Railway Station as a regular two-way daytime service Monday to Friday. Route 348 will be redirected via High street, Todman Avenue and O'Dea Avenue.

Welcome Aboard

Every working day across Sydney, our fleet of buses carry over 600,000 passengers on 300 routes to their destinations, safely and conveniently. Many services go to the Sydney CBD, which assists commuters avoid the hassles of traffic, parking, bridge and tunnel tolls, and provides connections to other destinations.

How to use this guide

- On the map overleaf, identify the bus route(s) that run nearest to where you are or where you plan to go. A list of suburbs, shopping centres, points of interest and other destinations (shown overleaf) will help you to navigate your way around the map. You can follow the colour-coded route line on the map to see the areas covered by the route. Or for a quick reference, use the list of routes and the areas they pass through located in this guide.
- If your destination is not located in the Eastern region, you can identify the route to take to the City or the nearest suburb where you can connect to other services. Please refer to other Sydney Buses region guides (Northern, Western and Southern) for bus routes operating in these regions.
- If you are not sure how to get to your destination, use the Trip Planner on the Transport Info website www.131500.com.au. You can also phone 131500 between 6am and 10pm for transport inquiries or to give feedback. If you need copies of timetables, you can print them as a pdf file from www.sydneybuses.info or get them from any TransitShop in the City (shown on the Sydney CBD bus service insert overleaf) or from ticket agents (usually newsagents) identified by the yellow Sydney Buses Ticket Stop sign.

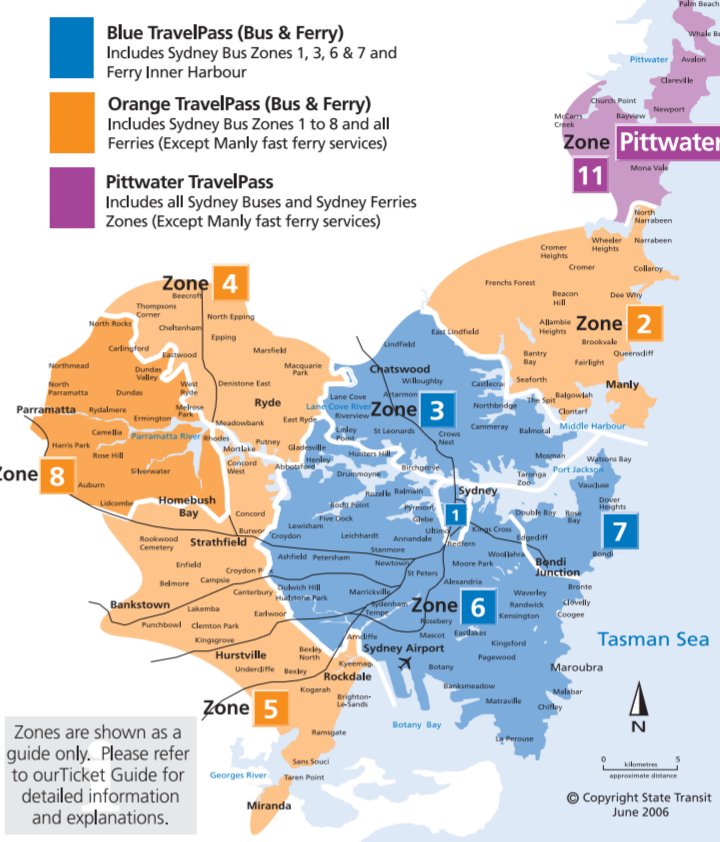

Fares & Tickets

- Sydney Buses has a range of tickets to suit just about every journey type you would like to make. We recommend that you get a multi-ride ticket 'off the bus' to save you time and money and help speed up your service.
- Cash Fares.** If you are using our service for the first time, it is easier to tell the driver your destination and he will tell you the fare. To assist the driver, please have loose change available and ready for payment.
 - TravelTens.** TravelTen is a 10-ride ticket which remains valid until all ten rides are used. You will save time and up to 20% off single fare. There are 5 types depending on the number of sections you travel (sections are shown on the route map in the timetable). TravelTens are also transferable and can be used to pay for travelling companions.

- TravelPass.** If you use the bus a lot or for trips of various lengths over a seven-day period anywhere within the Orange and Blue zones shown on the map below, an Orange TravelPass can be cost effective and convenient. The ticket permits unlimited travel on Sydney Buses and Sydney Ferries (except Manly fast ferry services and cruises) within the areas mentioned for seven consecutive days. Simply dip the ticket in the green machine on board buses and/or ticket barriers at Sydney Ferries wharves and you can hop on and off the services for work or leisure.
- Other tickets** are available including TravelPasses with rail travel, DayTripper and Pensioner Excursion Ticket (PET). For details, please visit www.sydneybuses.info, phone 131500 or refer to Sydney Buses Ticketing Guide.

TravelPasses and TravelTens are available from TransitShops (except at Railway Square), railway stations and ticket agents.

Whatever ticket you use, please retain it through your trip as you might be asked to show it to our revenue protection officers. There are penalties for fare evasion. Your ticket can also help track any lost items on our buses.

Open the guide this way for

- a detailed list of bus services operating in the area outlined in this guide.
- an index to suburbs and places of interest (see map overleaf).

Open the guide this way for

- a map showing bus services in the Eastern region of Sydney.
- an enlarged map showing bus services in Sydney CBD.

Bus services in the Eastern region

The routes shown in this guide make up the bus network of Sydney Buses in the Eastern region of Sydney.

- Routes are designed to cater to travel demands in the region. Routes with numbers in black are full time services and operate everyday and at regular intervals. Routes with numbers in red operate less frequently, generally weekdays or peak hours only. Please check your route timetable on line at www.sydneybuses.info or phone 131500 before you travel.
- Bus routes serving major commercial centres like Circular Quay or Bondi Junction stop at different bus stops within the area. Most bus stops with shelters show the routes that stop there and the timetable of services. Please check which bus stop is served by the route you intend to take. Check the destination shown at the front of the bus before boarding and if unsure, ask the driver.
- A number of our services connect with CityRail and Sydney Ferries for trips beyond the Eastern region. Phone 131500 for timetables, trip planning or fare information.
